TECHNICAL SKILLS

Languages & Core: C, C++, Java, Python, JavaScript, SQL, HTML/CSS, OOP

Frontend: React.js, Tailwind CSS, Bootstrap, ShadCN UI, EJS

Backend: Node.js, Express.js, PHP, REST APIs

Databases: MongoDB, MySQL

Data Science: NumPy, Pandas, Matplotlib

AI & Machine Learning: PyTorch, Hugging Face, Fine-Tuning, NLP, Computer Vision, Model Training

Developer Tools: Git, GitHub, Postman, Linux, VS Code

Concepts: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

EXPERIENCE

Backend System Coordinator

Sep 2025 – Mar 2026

Royal Consultants (Remote)

- **ERP Validation & Testing:** Conducted functional and API testing for ERP software modules, ensuring workflow reliability and reducing production defects.
- **Backend API Maintenance:** Diagnosed and resolved REST API issues, improving application stability and response consistency across business systems.
- **Quality Assurance:** Collaborated with developers to reproduce, document, and verify bug fixes prior to deployment.

Full Stack Developer Intern

Apr 2024 – Jun 2024

Emirates Solutions, Ratnagiri

- **Legacy System Modernization:** Assisted in redesigning traditional WordPress-based solutions toward modern MERN architecture.
- **Backend Development:** Developed and maintained PHP-based business application modules integrated with MySQL databases.
- **Feature Enhancement:** Implemented new functionalities, resolved defects, and improved application maintainability.

Freelance Full Stack Developer

2023 – Present

Remote

- **Client Delivery:** Successfully delivered 5+ web development projects for clients across different domains.
- **Full Stack Development:** Built scalable web applications using React.js, Node.js, Express.js, MongoDB, and MySQL.
- **Project Ownership:** Managed complete project lifecycle from requirements gathering to deployment and maintenance.

PROJECTS

Instagram Clone | *MongoDB, Express.js, React.js, Redux, Socket.IO, Cloudinary, ShadCN UI* | [Repository](#)

- **Real-Time Communication:** Implemented Socket.IO powered messaging and notification system for instant user interactions.
- **Media Management:** Integrated Cloudinary for scalable image storage, optimization, and CDN-backed media delivery.
- **Authentication & Security:** Built secure JWT-based authentication and protected route handling for user accounts.
- **State Management:** Utilized Redux Toolkit to centralize application state and improve UI responsiveness.

Urban Tracker | *MongoDB, Express.js, React.js, Node.js* | [Repository](#)

- **Civic Engagement Platform:** Developed a citizen-focused application for monitoring municipal facilities and public services.
- **Complaint Management:** Enabled residents to digitally report civic issues and track complaint submissions.
- **Public Information Access:** Centralized information regarding hospitals, schools, and government facilities.
- **Hackathon Innovation:** Built as a technology-driven governance solution for Ratnagiri city during a competitive hackathon.

EDUCATION

Finolex Academy of Management and Technology

2025 – Present

B.E. Computer Science and Engineering (Artificial Intelligence & Machine Learning), CGPA: 8.7

Government Polytechnic Ratnagiri

2023 – 2025

Diploma in Computer Engineering, Aggregate: 87.94%

ACCOMPLISHMENTS

State-Level Achievements: 1st Rank in State-Level Diploma Project Competition | Winner of State-Level Web Development Competition (2 Times)

Competitive Programming: Winner of Inter-College Competitive Programming Competition | Solved 150+ DSA Problems

Certification: AI & Machine Learning Course – CodeWithHarry
